OUR SPEAKERS

Mr. Tim Ward

Georgia Board of Pardons & Paroles

Tim is the former Commissioner of the Georgia Department of Corrections and began his career with the Department of Corrections in 1992. He was appointed to the Board of Pardons and Paroles in January of 2023 by Governor Brian Kemp.

Mr. Craig Alderson

Willoughby Industries

Craig is the third generation owner of a correctional plumbing manufacturer that has expanded into the detention hardware market. Willoughby Industries outfitted their facility to also include manufacturing of detention locks.

Mr. Mike Smith

SteelCell World-Class Security Solutions

Mike has spent his career in justice product manufacturing, and he now leads the nation's largest manufacturer of prefabricated modular cells.

Mr. TJ Rogers

Accurate Controls, Inc.

TJ brings extensive technical expertise in security automation system design, software development, and security electronics installation for the corrections industry and secure treatment facilities.

Mr. Joseph Pauly Pohrer III

Pauly Jail Building Company, Inc.

Joe is a fifth generation owner of the oldest Detention Equipment Contractor in the United States. He has been involved in the construction of over six-hundred (600) correctional projects.

MORE ABOUT OUR MANUFACTURERS & THEIR PRODUCTS

Willoughby Industries is the leading manufacturer of detention, behavioral health, and ligature resistant plumbing fixtures and accessories for the mental health and correctional markets. Willoughby is also proud to introduce **Willoughby Locking Systems**, the premier **MADE IN THE USA** detention and behavioral lock manufacturer which boasts a full line of stainless steel locks!

SteelCell will be showcasing **CareAffirm**, your fast-track steel modular solution for a normative and secure mental health, behavioral health and medical housing needs. In addition, SteelCell will be introducing **Midwest Portland** – a full line detention lock manufacture to serve your detention lock needs. SteelCell purchased the assets of Midwest Portland, and they are reviving the existing product line with a renewed focus on customer service, quality and becoming a new resource for the Justice Industry.

Titan Steel Door is a market-leading manufacturer of custom-built, force-resistant windows, doors, panels, and frames for correctional, mental health, and detention facilities – proudly making all of its products in the USA. Under the tent they will be showcasing new wall panel designs as well as security ceilings. In addition, they will be introducing their **NEW** sliding door device.

Accurate Controls, Inc. handles all aspects of security system integration, especially suited for the corrections market. Accurate will be showcasing the AudioTEC IP Audio Communication system as well as Hanwha and Axis, among other cameras/video management systems. Another featured product will be Accurate's "Bolt" IP lock module.

Modern Detention Equipment manufactures steel detention furniture and accessories. Their 50 years of experience serving the corrections industry provides Modern the knowledge to supply the highest quality products to this unique market.
