

DELTA UPSILON INTERNATIONAL FRATERNITY

Local Advisor Agreement

As a Local Advisor, you are a key member of the Advisory Team of a Delta Upsilon chapter or colony. You are not necessarily a member of Delta Upsilon or another Greek organization, but you do believe that a fraternity—when it is operating properly—offers profound benefits to its undergraduate and alumni members, as well as to its campus and community stakeholders. You are committed to the academic and educational development of each and every undergraduate member of the chapter or colony, and you take pride in the direct, integral role you play in ensuring the Fraternity achieves its mission, each and every day, of *Building Better Men*.

To better understand and to accept the conditions of serving the Fraternity in this important way, please read and acknowledge the following:

The most beneficial local advisors will:

- Assist the Vice President of Academic Excellence in all areas related to member and chapter academic performance.
- Assist the Vice President of Membership Education in all areas related to associate member and active member education.
