

FORGING THE FUTURE

FOR IMMEDIATE RELEASE

Delta Tau Delta Fraternity Supported by the Delta Tau Delta Educational Foundation Signs Partnership with Outward Bound to Deliver Adventure-Based Leadership Development Programming

FISHERS, Ind., February 14, 2025 – Delta Tau Delta announced today a newly formed partnership with Outward Bound, the premier global organization known for its transformative outdoor education programs. This collaboration aims to empower individual members of Delta Tau Delta through experiential learning, outdoor adventure and leadership development.

Through this partnership, Delta Tau Delta will offer various wilderness expeditions where participants develop critical life skills, enhance leadership capacities and foster a strong sense of community with other members of Delta Tau Delta. By combining the resources and expertise of both organizations under Delta Tau Delta's COMPASS Experiences menu of program offerings, this initiative will provide access to high-quality programs that challenge participants to step out of their comfort zones, build resilience and become leaders throughout their lives.

“We are thrilled to join forces with Outward Bound to offer life-changing outdoor experiences to undergraduate members of Delta Tau Delta,” said Dr. Tony E. Vukusich, Vice President & Chief Experience Officer at Delta Tau Delta. “Outward Bound’s proven approach to leadership and personal growth aligns perfectly with our mission: *Committed to Lives of Excellence*. Together, we look forward to providing opportunities for young Delts to not only explore the great outdoors but also discover and develop their true capacities to lead.”

###

Founded in 1858 at Bethany College in Bethany, W.V., Delta Tau Delta is actively affiliated at 131 colleges and universities in 39 states and the District of Columbia. It has a membership of more than 8,500 undergraduates and 120,000 living alumni. The Fraternity’s most recent aggregate grade point average was 3.1, making it one of the highest academically achieving men’s fraternities. The results of a recent Gallup Survey show Fraternity membership is tied to strong college experiences, career skills development and post-graduate well-being.
