MODULAR AND CUSTOM EXHIBIT SOLUTIONS

Crown Molding

Finish off any pillow case box shape with our crown molding for a tight, architectural look.

Dimensional Logos

Dimensional logos have never been easier. Each component just clicks into place - ask about our LED edge lighting for more POP!!!

Artwork

Framed artwork or just printed sintra - you can organize an eye-catching grid that adds that home decor look to any wall.
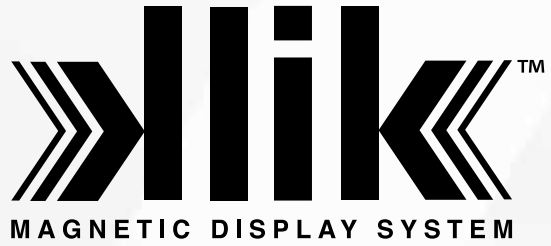

Kickplates

Much like our crown molding these kickplates give any box shape a tight, finished look.

Klik™ Accessories

This is where Klik™ shines! Use our accessories to display and promote your products and services. Interchange as necessary.
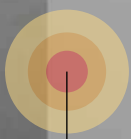

klik ™

MAGNETIC DISPLAY SYSTEM

Side Walls

We use Klik™ for much more than sticking things to the surface - we connect walls to each other eliminating the need for bolts and hard-to-reach zippers.

Klik™ Magic Podium

This podium ships with the graphic attached and you simply just lift it in place!

MADE IN THE
USA

Klik™
MAGNETIC DISPLAY SYSTEM

Klik™ Magic Podium

When you see this podium in action you'd swear it was magic! What we love most about our Klik™ Magic Podium is that the quality of this product is so good it will probably replace our existing rectangle podium. When it's flat, it's only 4" thick and will fit in our standard case or in a canvas bag. Easily setup by just 1 person in seconds!

Klik™ Crown Molding and Kickplates

Our Klik™ Crown Molding and Kickplates were invented because of our pursuit of creating products that look "finished." Add these to any tension fabric box structure for a classy architectural look that will provide that "finished" look you've always wanted.

Klik™ SEG Extrusions

Cut your setup time for SEG frames by 75% - our Klik™ SEG Extrusions will save you time and money. With interchangeable magnetic corner connectors these frames go together in minutes. With our new support feet the entire box goes together without tools!

NO TOOLS SUPPORT FEET

It can be frustrating when attaching support feet takes longer than setting up the entire tension fabric wall. Our new support feet slide right on and with a 90˚ turn - lock into place. Just another example of how we make your life easier when setting up your booth.

MADE IN THE
USA

KLIK™
MAGNETIC DISPLAY SYSTEM

No Tools Assembly

Our new Klik™ extrusions require NO TOOLS to assemble and that includes the support feet. With a registration pin and knob it's never been easier to assemble our SEG frames - just Klik™ together and attach the feet!

Extrusions for Graphic Displays

We have a wide variety of aluminum extrusions for dye sub prints with silicone edging (SEG).

Single-sided and double-sided options make these extrusions a great choice for wall mounted

or hanging displays. Rigid Slot is great for acrylic or sintra printed pieces.

Klik™ SEG Light Wall Extrusions

Our Klik™ SEG Light Wall is the easiest way to add extra punch to any trade show display or exhibit.   Our Klik™ Frame goes together quickly and the bright LED lights ensure that your image will Pop! Single-sided options can mount to walls and the double-sided works great with feet. Big or small - custom sizes are no problem.

klik™
MAGNETIC DISPLAY SYSTEM

The Ultimate in Flexibility and Visual Impact

The NEW Klik™ Display System is the perfect solution for displaying products in trade show or exhibit environments. The lightweight aluminum frames and tension fabric are incredibly easy to set up. Now you can add a variety of components to display your products just by "Klik-ing" them in place! There are no holes in the fabric and with our grid system you can switch layouts whenever you feel like it. Powerful magnets are at the core of Klik™ and when you see the display in action you'd swear it was magic!

Klik™ Assembly

Klik™ Assembly

The Klik™ Assembly can be added to any flat tension fabric structure. If you have something specific in mind and need more assemblies added to your booth - no problem! Let us know how we can help you take advantage of the Klik™ Display System to enhance your trade show or exhibit presence.

Klik™ is utilized anywhere we can help save time and to make things easy. Side walls are connected with Klik™ eliminating zippers, bolts and wing-nuts. You'll find that Klik™ was designed to make your life easier and we think you'll love it!

NEW PRODUCT
