I understand that the Hospital will not bill any type of insurance for these tests. I agree that I am responsible for full payment of services before they are rendered. I understand that a venipuncture charge will be added for any blood samples collected.

I agree that the test results may be sent to the address below by ordinary mail. I understand that my test results will not be released via the phone or fax, except as provided below.

I understand that Johnson Memorial Hospital will not interpret the test results for me. If I would like to have the results interpreted, I understand that I must discuss the results with my regular health care provider. You should anticipate a charge from your healthcare provider for this. I understand that a normal result does not guarantee that I do not need medical attention; likewise, an abnormal result may not necessarily be abnormal for me – my complete medical history must be considered.

I understand that Johnson Memorial Hospital may contact me directly by telephone with my test results if it appears that these results (\*) are of a critical nature – at which time I would be responsible for contacting my physician with the results.

I release the Hospital and any persons involved with the taking of the sample from any liability arising: 1) from the taking of the sample and any ill effects that result from the test; 2) from disclosing results in the manner provided by law and/or allowed by me.
