Marissa Ashabranner

Office Manager

Pauly Jail Building Company

2600 Nebraska

St. Louis, MO 63118

Dear Marissa,

Please let this letter serve as a reference and recommendation for Pauly Jail Building Company. It has been a pleasure to work with Pauly Jail during the construction of our new 240 bed jail and sheriff's office. We did our research and found Pauly Jail to have an excellent reputation in jail construction and you confirmed that reputation while building our jail.

We found your staff to be professional, excellent quality products, shop drawings and materials were delivered to our site in a timely manner. This was a large project for us and several trades were on site at the same time working together. Pauly Jail staff took the time needed to help our staff understand and operate the top quality equipment installed.

I am happy to recommend Pauly Jail Building Company to any organization that is considering new construction or retrofit construction. We are proud of our new building and proud to have had Pauly Jail on our team.

Sincerely,

Gary Tyner

Jail Administrator
