Foreign Language Decline Form

Student Name: _____ Grade: _____

Post Secondary Plan: _____

I understand, that as a general rule, without two years of the same foreign language students may not be admitted to a four-year College/University, may not be eligible for participation in college athletics, or students may be required to make these courses up at the college level in order to be accepted to a College/University, which is generally more difficult and costly.

I was advised by the school guidance department that by taking at least two years of a foreign language, student opportunities upon graduation are maximized and that by not having a foreign language opportunities may be limited.

Upon careful consideration, I decline the opportunity to take a foreign language at Union County High School.
