

# Residential Revolving Loan Fund

**Purpose:** The Franklin Development Corporation's ("FDC") Residential Revolving Loan Fund ("RRLF") is a cooperative community project developed to encourage and aid the rehabilitation/renovation of historic and/or underutilized homes and buildings located within the Integrated Economic Development Area of historic Franklin.

**Plan:** The Residential Revolving Loan Fund program is limited to residential structures located within the Integrated Economic Development Area. Loan proceeds may be used for exterior property renovation. The Corporation proposes to partner with local sources as much as possible to complete each project. Projects must adhere to the Corporation's architectural design guidelines.

Parameters: Approved applications will receive a loan of a maximum sum of \$25,000, provided the loan makes up no more than 50% of the total market value of the improved property. The minimum loan amount is \$5,000, and the amount of the loan that is forgivable for owner occupied households will be directly proportional to the attached income limit documentation system (Exhibit A). Households must be income qualified based on household size. Household income cannot be above the 100% Area Median Income category. Property owners that apply for rental properties are eligible for 50% of the loan to be forgiven, and the tenant's household income must be at or below the area median income. Income shall be based on the occupant of the property. Income will be verified using the adjusted gross income reported through the most recent year's tax return. A copy of the current lease will also be required if the property is not owner occupied. In the case of a multi-unit property, a minimum of 50% of the occupants must meet the income limits.

**Underwriting Criteria:** Maximum Debt/Income limit will be 50% (gross) provided credit score is 640 or above; 40% for borrowers with a credit score between 550-639. For applicants with credit scores below 550, an alternative program will be considered. The loan will have an interest rate of 4.0%. A loan period will not exceed ten (10) years. There will be no penalty for early repayment.

Projects should be complete within 9 months of closing. Loan payments will begin once the project is complete and all draws have been made. No monthly loan payments are due **and no interest will be accrued** until after the completion of the project.

The borrower will provide security as deemed necessary by the Loan Committee. Loans will not be made to lessees, only to the owners of properties. Property owners are only eligible for one residential loan at a time. Property owners only receive the grant percentage on their first residential loan. Subsequent loans will not have any portion forgiven, regardless of income.

In exchange for financing, the borrower agrees to choose from a list of contractors approved by the FDC. Borrower also agrees to comply with architectural design guidelines adopted by the Franklin Development Corporation. Borrowers will submit project plans for approval by the FDC and Discover Downtown Franklin's Design Committee to ensure compliance with architectural design guidelines prior to loan approval if necessary.

# **Eligibility Requirements:**

Only work begun <i>after</i> approval by the FDC board will be eligible for a grant.
All work must comply with the Architectural Design Guidelines as adopted by the Franklin Development Corporation.
The project cost must exceed \$5,000 to be considered for a funding.
The property must be used primarily for residential purposes. Mixed use properties and 3+ residential units will be considered commercial.
The property must be located within or immediately adjacent to the eligible area, as defined by the FDC board.
Routine maintenance such as painting, masonry, fencing, and lighting has to be part of a larger renovation project.
If a property is vacant or contributing to a blighting effect on the area or neighborhood, it will take priority over other projects.
If a property is on a major thoroughfare it will take priority over other projects.
Applications that demonstrate major historical restoration will take precedence over smaller projects.
Applicants should demonstrate the ability to increase the quality of materials used in the project through the assistance of this program.
Projects with a larger total private investment being made in the entire property will be given higher consideration.
Applications shall demonstrate how this program will deliver a higher quality project than otherwise possible.
Projects will be funded in order of priority as compared to other applications received and based on current program funding available. Projects that meet all eligibility requirements will not automatically receive funding.

### **Eligible and Ineligible Activities:**

Project funds shall only be used for permanent improvements that will add value to the property.

Types of activities that can be financed through the Residential Revolving Loan Program include the following:

- Exterior and Façade improvements (Design Review approval is required)
- Sidewalk and driveway repairs/replacement
- Roof repair or replacement
- Foundation repairs/replacement

The types of activities that **cannot** be financed through the Residential Revolving Loan Program include, but are not limited to, the following:

- Interior renovations/repairs (foundation repairs are acceptable)
- Property acquisition
- Furniture and fixtures
- Refinancing of any current debt
- Property tax payments

#### **Partners:**

The Franklin Development Corporation (FDC) will maintain an approved list of partners that borrowers may choose from to complete the project. Approved partners will know and understand the architectural design guidelines and will be able to assist borrowers in preparing plans to be submitted to FDC for approval. All contractors, historic preservation groups, and developers are welcome to submit qualifications to FDC for consideration as an approved partner. Local partners will be given greater consideration. A list of qualification criteria with point values will be supplied by the FDC. An applicant for the Approved Contractor List must score 95 out of a possible 120 points to be accepted. Program participants who want to use a contractor not listed on the Approved Contractor List may ask the FDC to consider that contractor for acceptance to the Approved Contractor List. Applicants who can demonstrate ability may complete their project on their own.

#### **Guidelines:**

- Borrower must be located in the Integrated Economic Development Area, with special emphasis being placed on East and West Jefferson Street, King Street, Monroe Street, Madison Street, East and West Court Streets, and North and South Main Street.
- Borrower can apply for up to \$25,000.
- 50%-100% of the loan amount will be forgiven as a matching grant, based on income qualification.
- Loans can be amortized for up to 10 years. There is no prepayment penalty.
- The interest rate is fixed at 4%.
- Borrower is responsible for following all codes and standards held for the buildings in the district, and shall provide proof of compliance when necessary.

### **Application Process:**

- 1. Completed application with all required financial information is received. Applications are accepted monthly. See attached 2022 calendar for application deadlines for each month. The following items must be submitted with your application in order to be considered complete: (1) borrowers most recent year's personal tax return; (2) occupants most recent year's personal tax return (if applicable); (3) most recent pay stub; (4) proof of homeowner's insurance; (5) project description and cost estimates from contractors and/or suppliers.
- 2. Staff reviews applications for completion and loan eligibility is determined by loan and grant committee.
- 3. Applicant meets with the Design Review Committee on-site to discuss the specifics of the project.
- 4. Application receives Design Review Committee approval **prior** to start of construction. After approval of the project design, the FDC Loan and Grant Committee approves or denies the loan.
- 5. After loan and grant committee approval, a commitment letter is issued to the borrower outlining the terms and condition of the loan. Signed commitment letter is returned to the FDC.
- 6. Loan and grant awards are announced at the FDC board meeting.
- 7. Once all necessary documentation is received, the borrower is contacted and the loan is closed. There is a \$150 closing fee made payable to the Franklin Development Corporation at the time of closing.
- 8. The first draw will not be issued until proof of all necessary permits have been obtained. Draw requests are made as the project progresses. Checks will be made directly to the contractor and/or supplier with written approval from the borrower. Checks will be made out for the exact amount of each invoice and/or receipt. If the applicant chooses to pay the contractor and/or supplier and request reimbursement from the FDC, proof of payment and a copy of the invoice must be submitted with each draw request.
- 9. Once the project is complete and all draw requests have been made, the final exact total project amount is sent to Horizon bank to begin repayment. No monthly loan payments are due until after the completion of the project. Projects that are not complete within 9 months require further approval by the Board.
- 10. Borrower agrees to maintain the property in its improved condition.

The following types of properties are **not eligible** for the Residential Revolving Loan Program:

- Tax-delinquent properties
- Property whose owner has any other tax-delinquent property
- Property in litigation
- Properties not located within the Integrated Economic Development Area
- Property whose intended use does not comply with the City of Franklin's zoning ordinances
- Properties known to have environmentally contaminated soil
- Properties whose owner has ANY unresolved municipal code violations within the City of Franklin

**Please Note:** The FDC Board reserves the right to fund all or part of an application.
