**RE: Letter of appreciation for years of service.**

Dear Pauly Jail Team:

Adolfson & Peterson Construction (AP) is pleased to extend a hand of gratitude for a couple more successful projects recently completed at the Mountrail County Government Center in ND and the St. Peter Security Hospital. As usual, the Pauly Jail team did an outstanding job providing a great product within budget and schedule. It is outstanding that for over the past 20 years, AP and Pauly Jail have teamed up on multiple projects to provide our clients with a top quality, stress free construction experience. Your staff has always been more than helpful in problem solving when situations arise, as well as taking the time early in design to assist with budgeting and design development/constructability reviews. AP is truly appreciative of the partnering and “team” approach when working with Owners and Architects to provide the most value for their projects.

Please pass along to your team a pat on the back from our team here at AP for the great services and relationships they have provided for so many years. We truly appreciate the commitment and expertise you bring to the table.

Sincerely,

A handwritten signature in black ink that reads 'Tim Clark'.

Tim Clark, Vice President/Director of Operations
