To Whom It May Concern:

This correspondence is to serve as a letter of recommendation for the correctional cells that are supplied by Pauly Jail. Our facility was opened in October of 2008. The speed in which we were able to enter our facility was a direct result of the pre-fabricated cells that Pauly Jail provided.

Thus far we have found the construction quality and design to meet the needs of our jail facility and to provide a safe environment for not only inmates but correctional officers also.

If you have any questions in regards to this issue please feel free to contact me at the Jasper County Sheriff's Office.

Professionally Yours,

Terry J. Risner Sheriff
