

# THE CREEK

INDIAN CREEK HIGH SCHOOL

WHERE ACADEMICS. ARTS. ATHLETICS RISE

July 26, 2024

Dear ICHS Parents;

The new school year is right around the corner! We hope the students have enjoyed their summer break and were able to take advantage of the opportunities only summertime has to offer. We have been very busy here at school working to create the foundations for another great school year.

We had many successes this past school year culminating with graduating the largest class of seniors yet. Success in athletics and arts continued as well, culminating with state championships in many different arenas. Creek Cattle Company continues to offer our students hands-on opportunities to build lifelong skills in work ethic, communication and problem solving while raising beef for our cafeterias. Creek Manufacturing was successfully launched last year, which allows students even more opportunities to develop these real-world skills while running a business at school. A secured partnership with Indiana University Bloomington and now offers over 30 IU credits for our students while they attend ICHS, saving them tens of thousands of dollars in college tuition.

As we look to begin another school year in just a couple short weeks, we are always looking to improve and be the very best school for our community. To that end, one of our goals this year is to deepen and enrich the connection between the classroom and home. For this reason, NHJ as a whole will be utilizing communication software called Parent Square. This will be a one stop shop for parents, students, teachers, coaches, and administration to communicate effectively and efficiently. Be on the lookout for more information within the first weeks of school as we roll this dynamic communication tool out.

We would like to invite all parents and students to our **Back-To-School Night on August 6<sup>th</sup> from 6:00-7:00**. This opportunity provides time for all parents and students to walk their schedules and meet their teachers. Student schedules will be available on Infinite Campus this evening for you and your student. No paper copies are being handed out this evening. We will hand out paper schedules to students who need them on the first day of school.

We know to succeed in our mission of *Empowering* students with the *Knowledge, Responsibility,* and *Perseverance* needed to achieve *Excellence* in life, we need a strong partnership between school and home. Through strengthening the connection between our talented and dedicated teachers with our equally dedicated parents, we hope to provide our students with the brightest future possible.

Thank you in advance for your partnership and we hope to see you on August 6<sup>th</sup> for Back-To-School Night as we lay the foundations for a great school year.

Sincerely,

  
Luke Skobel
