

Indian Creek Middle School

ICMS Mission Statement

Engaging every student, every day, in quality learning opportunities.

START!

YOUR CAREER WITH US

**Where Excellence in Education
is the Expectation**

Indian Creek Middle school serves grades six, seven and eight. ICMS stresses individual responsibility and traditional values. The required curriculum includes language arts, math, science, social studies, health and physical education. Students will also rotate through a series of related arts courses which includes family and consumer science, business, STEM, general music and visual art. Band, Choir and Intro to Agriculture are offered as electives.

Extracurricular activities available are varied and numerous. Among these are soil and livestock judging, academic competition teams, spell bowl, football, cross-country, volleyball, tennis, golf, wrestling, cheerleading, basketball, swimming, diving and track and field.

Students at ICMS follow an eight-period day, changing classes after each period. The school building supports a full-sized gym, an auditorium and a state of the art media center with an adjoining multimedia presentation and computer lab, a large group instruction area, multiple curricular computer/STEM labs and wired and wireless network infrastructure. Each science classroom is equipped with a lab.

We at ICMS are committed to utilizing technology as a tool to enhance student learning. ICMS has been a 1:1 school since the 2013-14 school year. Each student at ICMS has their own touch screen Chromebook and case. These Chromebooks are the students to keep for the entire school year. Students will use the devices to assist in the completion of their in-class and independent assignments provided by the teaching staff.

Parents are encouraged to participate in Parent/Teacher nights as well as schedule conferences whenever extra academic help is needed or other problems arise.
