Letter Of Recommendation

RE: Pauly Jail – Allegan County Sheriff's Office & Corrections Center

To Whomsoever It May Concern:

It has been my distinct privilege to work with Pauly Jail Building Company on multiple corrections projects over the past two decades. The Allegan County Sheriff's Office & Corrections Center is the latest example of their stellar work. While the design team did face their share of challenges in incorporating over 130,000 sf of detention space in an existing vacant manufacturing facility, it took the leadership, attention to detail and singular focus of Mr. Joe Pohrer, Mr. Jared Bailey and the rest of the competent crew from Pauly Jail to turn those design ideas into a reality. This signature project will stand as a shining example of what can be achieved by having Pauly Jail involved on a project.

Pauly Jail has always shown their willingness to do whatever it takes to deliver quality projects on time and within budget. Exercising an extraordinary amount of pre-planning and coordination, their ability to foresee problems and provide timely cost effective solutions has been a refreshing deviation from the norm. On every venture with Pauly Jail, a repeat performance of the previous project would have sufficed to satisfy the most demanding Owners, Design team, Construction Managers/ Contractors - and yet they have never failed to surprise us as they find new ways to elevate their level of service and performance.

It is with highest regards that I would recommend Pauly Jail to anyone for their future endeavors.

Sincerely,

Sanjay N. Patel, AAIA, LEED AP, CPTED
