NCI

**NORTH CENTRAL
INDUSTRIES, INC.**

Welcome!

Please find enclosed our selection of over 40 new items that we are proud to present. Whether you are a veteran customer with NCI or checking us out for the first time, rest assured that our 65 years in business will make your buying experience a breeze. Our experienced and knowledgeable staff will be eager to assist you in completing your order.

Our inaugural offering of Fire Factory brand was well received and we are humbled by the incredible feedback that we received. We have added another 14 Fire Factory items for 2020 bringing the total items to choose from just shy of 50. This line is a major success because it checks all the boxes of unique performance, attractive packaging, and an unbelievably reasonable cost.

As of the publication of this catalog, it seems inevitable there will be a shortage of merchandise for the upcoming season. While this is concerning you can rest assured that NCI has over 250,000 cartons in stock. Although China has lost months of production time for the US market, our long-standing relationships with the best suppliers will yield us priority to receive product. We will make every effort to fill orders and help to find substitutions for items not available.

Also, we have several closeout products that we are selling below our cost just to move the remaining stock of these items. Quantities are limited so buy early to make sure you capitalize on these bargains.

Finally, our core principles of providing the highest quality products at competitive prices and unmatched customer service are what set NCI apart from the competition. The warehouses are stocked and our trucks are ready. We look forward to earning your business!

Sincerely,

Richard B. Shields
