It is my pleasure and honor to recommend Eric Keller with Pauly Jail. I have worked with Eric coming up on 1 year now on the Hamilton County Jail Expansion project in Noblesville, IN. I have been on this project from the start and I can confidently say that Eric's exceptional skills, professional experience, and work ethic was top notch and made the work environment very fun and easy to work in. He always maintained to be professional while working on the job, by working well with other contractors, always ensuring safety was his #1 focus and ensuring he delivered high quality workmanship. He was always willing to go out of his way to teach myself and others about the job that was being performed so we could be better educated to understand the project. Eric has my highest recommendation. I have no doubt he will make a strong addition on your next project. Please feel free to contact me if you have any questions regarding his candidacy or past work.

Sincerely,

Kevin Stark
