Pauly Jail Building Company

As a recognized professional leader in Criminal Justice Architecture, DLZ must rely on quality correctional facility contractors to manage and construct our designs. Pauly Jail Building Company is just that - a high quality contractor.

As one of the nation's oldest correctional contractors, Pauly Jail is recognized as providing quality management, planning, and construction of detention equipment. We have worked with Pauly Jail on multiple projects, and each time, they have provided a quality project, on time, and on the owner's budget.

Recently, Pauly Jail was the detention equipment contractor for the Morgan County Jail Expansion and Work Release designed by DLZ. We found Pauly Jail to be fair and reasonable throughout the entire construction. Their work met the required specifications and was of good quality.

I recommend Pauly Jail Building Company without hesitation. Pauly Jail continually provides quality work and is a professional organization that will help to make your project a success. If you have any questions, please contact me at (317) 633-4120 or eratts@dlz.com.

Respectfully submitted,
DLZ

Eric B. Ratts, AIA, NCARB
