- (1)
- (2) - Process to improve is stated but doesn't correlate with conclusions or is vague
- (3)
- (4) - Process to improve is well stated; reflected in conclusion

2. Organize

- (0) - Team not defined
- (1)
- (2) - Unclear who is on team or why
- (3)
- (4) - Team well-stated, clear roles

3. Clarify

- (1)
- (2) - Partially defined but not clear to reader
- (3)
- (4) - Current process and/or issues with process clearly addressed

4. Understand

- (0) - Variations and barriers to efficiency/ effectiveness not listed
- (1)
- (2) - Variations and/or barriers listed, but potentially incomplete
- (3)
- (4) - Well-defined variations and or barriers within current process

5. Select

- (0) - No step(s) in process identified to be changed
- (1)
- (2) - Step(s) identified but vague or poorly defined
- (3)
- (4) - well-defined and measurable. Applicable to the study

6. Plan
