

Job Description for Health & Safety Adviser

Mission

To protect our brothers, and the broader campus community, by providing health and safety education.

Role

The Health & Safety Adviser will work closely with the collegiate Vice President of Health & Safety to support the mission of Sacred Purpose within the local chapter/colony. Together, the Vice President of Health & Safety and the Health & Safety Adviser will provide health and safety programming to all members, pledges, and the greater campus community.

Responsibilities

- Mentor and advise the undergraduate Vice President of Health & Safety.
- Assist in the cultivation of relationships with campus and community health and safety professionals who can support the mission of Sacred Purpose.
- Assist in the identification of campus and community resources available to the local chapter/colony and make those resources available to individual members.
- Inspire and organize the chapter/colony to fully support campus-wide initiatives that advance health, well-being and safety.
- Collaborate with the Vice President of Health & Safety to set goals and create an annual strategic plan.

Requirements

A successful candidate should be an alumnus member or a health and safety professional who possesses the following attributes:

- Demonstrated ability to cultivate collaborative relationships with campus and community health and safety professionals.
- Experience mentoring college-aged men.
- Keen organizational skills and event planning experience.
- Maintain consistent communication with the Vice President of Health & Safety.
