## Traditional Monuments

Two-piece upright monuments have been the standard option of memorialization for centuries. With Wearly's deep cut lettering and experienced craftsmen, you can personalize any memorial to be a lasting tribute. Each granite offered will give you a wide variety of options in appearance and color. Both granite and workmanship are of the highest quality available.

## Welcome To Wearly

Wearly Monuments is built on a solid foundation established by Sam Wearly in 1899 and has grown to be one of the largest retail monument firms in the United States producing both custom monuments and traditional headstones. Fair and honest dealings for over 100 years have been responsible for the success of Wearly Monuments.

Our company policy is and has always been to furnish the highest quality memorials for the lowest possible prices. Our Gold Bond Guarantee backs every memorial we produce, and service is of the utmost importance.

## Contemporary Monuments

When your style reflects a little more modern shape and finish, Wearerly has many contemporary options. Please see your local authorized dealer for a complete brochure of "Specialty Memorials."
