

SURGICAL OPTIONS FOR A HEALTHIER WEIGHT

Johnson Memorial Wellness Services offers a multidisciplinary approach to weight loss.

Our experienced board-certified surgeons, health coach and dietitian can help you make the decisions about your health that can change your life.

Weight loss surgery not only helps a person lose many pounds of excess weight, it may also reverse obesity-related health problems such as type 2 diabetes, sleep apnea, high blood pressure, or heart disease.

Take the first step to reaching your goals by calling Johnson Memorial Wellness Services.
