Attn: Mr. Jeff Hensley

Dear Mr. Hensley;

I am writing to you regarding the installation of the jail cells at Buffalo County jail, Kearney, Nebraska.

The purpose of the correspondence is to express my appreciation for the professional and safe installation work of your crew led by Travis Bush. Also, to acknowledge the professional and prompt work by Graham Conklin of your organization during and thru the procurement, placement of these cells.

Travis arrived on site on Sunday March 29, 2009 and proceeded to promptly lay out and set steel shims for the cell installation. The cells starting to arrive on Monday, and due to your organization scheduling of the deliveries, and the work by Travis's crew, the first 24 cells were placed by early afternoon.

Weather conditions on Tuesday, March 31, 2009, precluded any placement of cells.

On Wednesday, the crew set in place the balance of the cells and by Thursday afternoon the cells were secured in place.

The expediency and attitude during this phase of setting the cells reflects the quality of your organization.

It is refreshing to find individuals and companies that take pride in the quality of their workmanship.

Very Truly Yours,

Carl J. Gibbs

Superintendent

Beckenbauer Construction
