

IdentaBrew® FLAVOR IDENTIFICATION

Transform your
carafes with
Flavor Neckties

FEATURES AND BENEFITS:

- COST EFFECTIVE, EASY WAY TO SHOWCASE MULTIPLE FLAVORS OR ROASTS
- SWITCHABLE AND NON-DESTRUCTIVE
- NO TOOLS OR MAKE-READY REQUIREMENTS
- MADE AND DESIGNED FOR REPEATED USE
- STOCK OR CUSTOM SHAPES AVAILABLE

All Identabrew products support our unique flavor identification systems:

Flavor Neckties effectively promote your brand while being served.

Flavor Channels are engineered specifically for your equipment, offering unique opportunities to present your brand's featured flavor or roast.

Flavor Tabs are consistently located with diecut slits incorporated in your CoffeeCoat or TeaWrap.

Flavor Tabs insert directly into your CoffeeCoat or TeaWrap.

Flavor Channels clip onto sight-glass or other components of your dispenser hardware.
