Joe,

Construction Control, Inc. deals with hundreds of contractors throughout the year and it is unique to have a contractor stand out among the competition. Pauly Jail Building Company has always had timely shop drawings, delivery and installation of all the detention products you have provided to our recent correction facilities located in Marshall, Allen, Miami and Adams Counties in Indiana and Allegan County, Michigan.

Since I write a letter of this type rarely and as such, you should appreciate the degree by which Pauly Jail Building Company stands out amongst the contractors we currently work with. Keep up the good work and we look forward to working with you on future projects.

Sincerely,
