

# Mission Moments

*Made Possible By YOU!*

Edition 37, February 2019

## Mini Moments from Lafayette!

Did you know that Tangram provides services in 20 counties across Central and North-Central Indiana? This month, we wanted to share a collection of mini mission-moments featuring clients from our Lafayette region. These photos and stories make us smile, and we hope they bring you joy, too! **Learn more about our services at [www.thetangramway.org/our-services](http://www.thetangramway.org/our-services)**

Alexus loves animals! She was able to visit Lafayette's Almost Home Humane Society and socialize their adoptable animals. This is one example of how clients who receive PAC services can connect with their community, do what they love, and make a difference!

Lafayette's Imagination Station was the perfect fit for our client, Lila. She got to play and learn from their Augmented Reality Sandbox that teaches kids about the earth's layers, while also tapping into their enjoyment of sensory-related activities.

Michelle and Gavin both volunteer at Food Finders Food Pantry in Lafayette. In the photo to the immediate right, Michelle is weighing and packaging goods, and in the other photo (far right), Gavin is diligently checking labels in the sort room of the food pantry. Partnering with local non-profits allows our clients to give back while building important life skills that can help them grow their independence. What an awesome opportunity!

When visiting Lafayette's All Fired Up paint-your-own-pottery studio, Mia got to choose from over 100 pottery pieces as her canvas and created a colorful mermaid that she will be able to use as "decoration in her apartment one day." For clients, like Mia, who love art, we enjoy special moments like these where they get to create something they are proud of and are able to experience a new place in their community.
