

Frequently Asked Questions (FAQs)

About our mission

What is Indiana 211?

Indiana 211 is a free service that connects Hoosiers with help and answers from thousands of health and human service agencies and resources right in their local communities - quickly, easily, and confidentially. We use statistical data (not personally identifiable information) from calls, texts and web visits to help shed light on the nature of social needs in Indiana for decision-makers and government across the state.

Who does Indiana 211 serve?

Hoosiers. It's plain and simple. If you live in Indiana, we serve you. IN211 is devoted to serving individuals and families within the communities of Indiana's 92 counties. 211 services are available 24/7/365 and free of charge to anyone, and our database is carefully curated to include resources from across the state.

About our services

Can I text Indiana 211 for resources?

Yes, our text service is currently available Mon-Fri 8am-5pm EST. You can connect with a community navigator by texting your ZIP code to 898-211.

I dialed 211, and it is connecting me to Ohio or Kentucky. What do I do?

Call the Indiana 211 universal toll-free number at 866-211-9966.

Wait times are too long. How can I get through faster?

Our wait time is usually less than 3.5 minutes. If wait times exceed that we are likely experiencing a surge in calls. We are less busy in the evening and over the weekend. Mondays are our busiest day.

Who can I contact about a complaint?

We are committed to helping improve the quality of life for Hoosiers by promoting equity and connecting people to health and human service resources. We welcome your feedback at in211info@fssa.in.gov.

Why do our clients receive similar referrals every time they call 211?

This may be due to limited resources. We encourage people to call back as information does change, but there is no guarantee of new resources.

I called 211 and was told there were no resources that met my need, now what?

This may be due to limited resources. We encourage people to call back as information does change, but there is no guarantee of new resources.

Does 211 provide transportation to referral sources?

Transportation is not provided to referral sources with the exception of substance abuse treatment via Lyft. Restrictions and special guidelines apply for Lyft services; please call for details.

Can 211 connect me directly with a referral source or health care provider?

We do not have most health care providers listed in our database. We'll help you get connected to the most appropriate place to obtain this information.

Does 211 provide talk-line like services (Lifeline services) or is it strictly a referral connection?

You can reach the Be Well Crisis Helpline by calling 211. Trained specialists are available 24/7/365 to provide free, confidential support.

When should callers connect with 211? In an emergency/crisis? When they need a food bank or shelter?

Callers should connect with Indiana 211 for referrals to resources near them. Community navigators are trained to refer crisis calls to appropriate resources such as crisis centers, clinicians, or 9-1-1 services.

When should callers connect with 911 instead of 211?

In a life-threatening emergency, always dial 9-1-1 first. Community navigators are trained to refer crisis calls to appropriate resources such as crisis centers, clinicians, or 9-1-1 services.

Can 211 guarantee a bed/placement at a shelter if I am facing a homeless situation?

If you are facing a homeless situation, we will help assess your unique situation. While we cannot guarantee bed availability, we will help you explore solutions for your housing crisis.

I do not have anything to write down the resource, and I won't remember the phone number. Can 211 text or email it to me?

Yes, we can easily text or email resource information to you.

About our website

About our resource database

Why are resources in my county not included in the 211 database?

The resources have not yet been added or do not meet the criteria to be included in the database. It is also important to note that organizations may decline to be listed in the database.

What criteria must be met to be added to the 211 database?

You can review our inclusion policy here: <https://in211.communityos.org/inclusion>.

To initiate the inclusion request and review process, you may:

- Complete and submit an [online inclusion request form](#);
- Download a [printable inclusion request form](#) that may be completed by hand and returned by email;
- Email the Resource Curation Team at in211database@fssa.in.gov; or
- Call our Resource Curation Team at [888-211-2402](tel:888-211-2402).

Will 211 update my agencies record automatically, or do I need to do it myself?

All information must be provided by the agency and vetted. Indiana 211 will send you an annual email request to update your information.

In addition to submitting any revisions via the link enclosed in annual request emails, there are three (3) main ways to contact the Resource Curation Team to request an update to your agency information:

- Visit <https://in211.communityos.org/Service-Provider-Search> to find the current record, and then send feedback via the blue “Request an Update” button;
- Email the Resource Curation Team at in211database@fssa.in.gov; or
- Call our Resource Curation Team at [888-211-2402](tel:888-211-2402).

When I select the “login” button on the 211 website, it does not allow me to login and correct my agency’s information. What now?

Service providers do not need a user account, login, or password to view or request an update to their agency record.

Who should I setup as the contact for my organization? Admissions/intake, operator, social workers, etc.?

The best contact is the person most familiar with programs across the entire agency; however, it is also possible to list multiple staff members if it would be best for us to work with someone specific for a given site or service.

Why can't I locate my organization ID to update my information without having to contact 211?

You do not need your organization ID to update information.
