## LETTER of APPRECIATION

I would like to take a minute to thank Travis Bush and Pauley Jail for the hard work and professionalism on the new Bourbon County Law Enforcement Center. Everyone involved in this project were efficient and effective and took great pride in their work.

We would also like to express our gratitude for your willingness to send Mr. Bush, on a very short notice, to perform certain repairs on the pods.

Once again; thank you for the work that was done on this project.

Respectfully submitted,

  
Wm K. Martin, Sheriff
