Goals/Summary of Meetings: These meetings were at the Bear's Den at the University, myself and at least 1-4 brothers were present for each of the meetings. These meetings were personal development sessions where the presenter focused on topics such as: personal goal setting, personal improvement, how to improve the chapter as a whole (often centered around how to increase participation in events), how to make an impact in the chapter's operations as an individual. Progress was monitored through regular check-ins and facilitated discussion about successes and shortcomings of the implemented goals and how to proceed.
