RE: PAULY JAIL BUILDING COMPANY
2600 NEBRASKA
ST. LOUIS, MO. 63118

To Whom It May Concern:

Pauly Jail Building Company has done work for Lashlee-Rich, Inc. for several years in the detention field. They recently completed a project with us on Bledsoe County Jail in Pikeville, TN. They handled the security windows, security hollow metal, detention hardware, furniture, electronic security and security ceilings.

The bidding, submittal process, delivery and installation were all performed very professionally and on schedule.

We have always enjoyed the quality of their work and would recommend them to anyone. We feel they would be a welcomed Detention Contractor on any project.

Please let us know if you need any further information.

Very Truly Yours,
Lashlee-Rich, Inc.
