

LETTER OF COMPLETION

01/27/2023

Rockwall County Jail and Renovation

Pauly Jail Building Companies,

The project achieved the final phased substantial completion on December 19, 2022. This was in large part due to your company's commitment and excellence on this extended project.

Just like any other project it was not without issues, but each time Glen and his team stepped up with solutions and detention knowledge that kept the project moving forward. Glen was an integral part of the project team helping get both Jails ready for Texas State inspections. When added scope was presented for the County Courthouse and Renovation Area, your team was flexible and responsive with pricing and procurement that allowed for great success.

We want to take the time and recognize your company for this achievement, and to thank you all for a job well done. We hope to work with your firm soon as we continue to develop our working relationship.

Sincerely,

Bryce Bordelon
Assistant Superintendent

Luke Stenoien
Project manager

CC: Hendrik Prufer – Senior Superintendent
Randy Allen – General Superintendent
Lucas Hubbard – Project Executive
Granger Hassmann – VP of Preconstruction & Estimating
Bob Lemke – VP of Operations
