This pandemic has finally gotten to the JCPL staff!

We are tired of empty buildings, cancelled programs and not seeing you, our patrons! We now know whom to blame! It is the evil Chancellor COVID. One of the JCPL staff cracked and they have gone too far! Chancellor COVID has been "taken care of."

It is up to you to solve the mystery.

Which member of the staff did it? How did they do it? Where did it happen?

Solve the mystery by searching for clues at all five locations.
