10 We are in the process of sending solicitations, both electronically and via U.S. Mail, to IAFP members
11 for contributions to the IAFP PAC, and several members have already contributed or have pledged
12 funds.
13

14 We saw many transitions during the 2016 election cycle, and expect more movement with the recent
15 announcement of the retirement of Sen Luke Kenley. The IAFP will continue to make strategic
16 contributions to key members of the General Assembly and meet with members of leadership
17 whenever possible to discuss priorities of family medicine in Indiana.

19 Respectfully Submitted,
