Re: Collier County Jail Addition  
Collier County Jail Remodel

Dear Robert,

It has indeed, been a distinct privilege working with you and your company during the construction of the new 500 bed addition to the Collier County Jail and the complete remodeling of the existing jail.

Having served as Chief of Corrections during the design phase of these two undertakings and guiding the project management as Chief of Administration, I can personally attest to the absence of issues and seamless coordination of service delivery. From design phase through the final fit and finish, representatives of your company and many times yourself, were always available to respond to any concerns in a professional and proactive manner.

In short, my experience working with the Pauly Jail Building Company has simply been outstanding. The attention to detail, craftsmanship, and above all, customer service and support are surpassed by none.

I would highly recommend your firm to any organization that is considering a retrofit or new construction project. Thank you for your unceasing diligence, professional acumen and the extraordinary service you have provided to Collier County.

Sincerely,
