RE: Letter of Recommendation

To Whom It May Concern:

I had the privilege to work with Pauly Jail Building Company on the Williamson County Jail, IL project which was completed in the beginning of 2012. Pauly Jail had built the original jail approximately 90 years prior in 1912. Their enthusiasm and pride reflected in their performance during the bidding process and all of the way through to final completion. The professional and knowledgeable staff both in project management and field supervisors made this project a success and something to be proud of for the next 90 years.

It would be a pleasure to work with Pauly Jail on future correctional projects. I would recommend their work to anyone.

Best regards,
