2023 MCCF HIGHLIGHTS

MCCF continues to support a wide range of programs and projects to help ensure that our youth thrive. For example, in 2023 we awarded grants to the Women’s Resource Center, Educational Foundation, and school health and welfare funds. Additionally, grants were made to the Boys & Girls Club and to 4-H to improve the facilities that host a multitude of youth development programs. A highlight was the construction of a new neighborhood playground for the City of Crawfordsville’s Frances Wooden Park. This vibrant space will allow children and their families to play, explore and create lasting memories.

Camp Milligan was back in action for its second summer of fun and learning with 40 full-time campers. All ten weeks at Camp Milligan offered new opportunities for learning and adventure! New at camp in 2023 was a fully-loaded STEAM lab. Campers and staff enjoyed many field trips that included local museums, the Indianapolis Zoo, Children’s Museum, water parks, and so much more!

The Montgomery County Early Learning Center is moving forward. Strong partnerships with local government and businesses formed to fund the new center that will provide high quality care for 124 children, ages infant to five. Construction is scheduled to begin in the Spring of 2024.
