

1 **INDIANA ACADEMY OF FAMILY PHYSICIANS**
2 **ANNUAL REPORT OF THE IAFP FOUNDATION**
3

4 **French Lick, IN**

July 22, 2022

5 **Windel Stracener, MD, FAAFP**
6

7 The past year for the IAFP Foundation was an opportunity to help support a few events in the state.
8 We supported the second annual Deeda Ferree Memorial Resident Leadership Development Seminar
9 presented at Research Day. It was a successful event and we are continuing to help it evolve and grow
10 into a premiere event. We also helped support the Society of Teachers in Family Medicine Annual
11 meeting which was held in Indianapolis in May. We also helped to support virtual attendance at Family
12 Medicine Midwest. We also pledged scholarships to anyone attending Family Medicine Midwest in
13 person from Indiana in the fall.
14

15 The Foundation has begun to renew our relationships with Marian University College of Medicine and
16 Indiana University School of Medicine following the past two years of pandemic interruption. We
17 continue to provide the Family Practice Stories book to both schools and look forward to an ongoing
18 strong relationship with both.
19

20 Financially we are sound, though the economy and markets have caused the investments to see a
21 significant hit after several quarters of rapid growth. The board will be looking at our investments as we
22 meet this week and discussing strategies to keep our revenues steady and growing. As always
23 membership support continues to be important to grow our base of support for our programs.
24

25 We continue to solidify our Family Medicine scholarship program and explore ways to make this
26 program an important and viable resource to help future students and residents in Indiana on their
27 journey to Family Medicine.
28

29 Respectfully submitted,

30
31 Windel Stracener, MD, FAAFP
32 Chairman, IAFP Foundation Board of Trustees
