Re: Performance Reference

Dear Joe:

It is our pleasure to provide this letter of recommendation for Pauly Jail Building Company. Granger has recently completed or is currently working on several projects with the Pauly Jail team in Ohio and Michigan.

As a Construction Manager focused on corrections projects in the Midwest, Granger has experience with a number of Detention Equipment Contractors and appreciates our positive experiences with the Pauly Jail team. Ricky Harrison, Jared Bailey and Nick Henry have been valuable preconstruction resources and key to the proper estimating, planning and procurement of detention facilities. During construction, Jared Bailey and your construction staff have gone out of their way to maintain construction schedules, install a high level of quality, and provide expertise to our clients.

I would highly recommend Pauly Jail to potential clients and other construction partners for any upcoming opportunities. I am happy to speak directly in further detail regarding our experiences with Pauly Jail to potential clients.

We look forward to many more successful projects with Pauly Jail Building Company.

Regards,

GRANGER CONSTRUCTION COMPANY
