

SOLAR ECLIPSE SAFETY TIPS

Eye Safety

- Wear your eclipse glasses when viewing the eclipse.
 - Only remove your eclipse glasses when the eclipse is in totality.
 - When totality ends/ any part of the sun is exposed, you must wear your eclipse glasses.
- Do not view the sun directly through:
 - A camera lens, binoculars, a telescope, etc.
- Learn about your eclipse glasses' expiration date by visiting [NASA's solar eclipse safety website](#).

Be Prepared Ahead of the Crowds

- Fill up on gas and buy groceries.
- Stock up on essentials such as:
 - Medicine, water, etc.
- Have cash on hand.
- Pick up your prescriptions.
- Schedule doctor appointments before the weekend.
- Leave in plenty of time due to an increase in traffic.
- Develop a communication plan, cell service may be limited.

If you work in Johnson County/ Central Indiana, you may have a hard time getting to and leaving work on Monday.

IN CASE OF EMERGENCIES, PLEASE CALL 9-1-1.
