

## Summer Food Service Program for Children

## Summer Food Rocks!

NHJ is not eligible to offer summer food service programs but there may be schools in the area which do have free summer meal programs. Check the website listed below for sites in the area or call the NHJ Food Service Department at 317-878-2106 for more information. The 2019 free summer meal sites list and rules will be available on the website in May.
