Joe:

I wanted to take a moment and let you know that we appreciate the outstanding service your firm has provided at the Washington County Indiana Jail project.

We were the CM firm that provided the full service project management for this very challenging project in concert with County Government and RQAW.

Your many years of experience, management and leadership were a key component in the overall project success providing this client a project on time, at high quality, and approximately 12% under budget.

Sincerely,

Mark Shireman
