Recruitment
2018 - 2019

To Whom It May Concern:

Our Chapter, Epsilon Iota B, takes pride in our recruitment efforts and works hard to train members on how to recruit and develop meaningful events and activities that develop interest in young men that meet our membership eligibility standards. This report highlights the strategies and events used and hosted during our fall recruitment term.

The following is our recruitment hierarchy we used in the planning and execution of our recruitment events and the ongoing process of recruitment. The Director of Recruitment is in charge of all recruitment operations.

Director of Recruitment:

Caleb Forrest

.The recruitment committee will serve the purpose of executing all recruitment events and hosting bid discussions for potential new members.

Recruitment Committee Members:

Caleb Forrest (Director)
Chase Bogedin (Assistant Director)
Shawn Penning
Shane Combs
Adam Migliore

The recruitment strategy team will serve as the leaders of the recruitment process. As members of COMPASS Crew, they will oversee all Unit Buddy operations for the orientation weekend. After orientation weekend ended, the strategy team served as the closest group to the potential new members. Each team is composed of different members within the chapter. A roster of each recruitment team can be seen below.

<u>Team</u>	<u>Closers</u>	<u>Openers</u>	<u>Planners</u>	<u>Logistics</u>

Here at Kettering University, we have a unique academic schedule in which there are two 11-week academic terms separated by 11-week work terms. As a result of this unique schedule, all

fraternities on campus have designated the Fall term as rush term and the spring term as pledging term. In this layout, the entire fall term is used for formal recruitment, so that potential new members can choose the fraternity that fits them best, and each fraternity can spend time to get to know their potential future brothers. During the fall recruitment term, our chapter hosts numerous recruitment events planned out by the recruitment committee. A calendar with these events followed by a brief description of each, can be seen below.

Delt Hang-Out

10/8/19

10 AM-7 PM

Description: To kick off the recruitment term, we hang out as a brotherhood all day in one of the common areas outside the campus center so that new incoming freshman and all students interested in Greek life can learn about our fraternity, meet members from our house, and learn about Kettering's Greek life. Food is served for breakfast, lunch, and dinner at the event while different lawn games are being played.

Euchre Tourney

10/9/19

6-8 PM

Description: Our second event of the term is the first event hosted at our shelter in which we invite potential new members out to the house for dinner prepared by our house cook Lori. Potential new members are then paired up with a brother of the fraternity to play Euchre. The teams then rotate between different games so that PNMs can continue to meet more members on different teams. There are also other various board games for Members and PNMs to play together.

Sports Night

10/14/19

7-8 PM

Description: Our next event of the term invites all potential new members out to "the Beach", which is an outdoor location in between the dormitories and recreation center, to play different sports with members of the chapter. This event is a good way to meet new individuals that enjoy sports and are interested in Greek life.

Deltona 500

10/17/19

6-8 PM

Description: The Deltona 500 is a fun event where members participate in races around our parking lot's "loop". Potential New Members are given monopoly money and are allowed to bet on the racers. After a number of races potential new members will be given raffle tickets based on their 'winnings' for prizes at the end of the event.

Delt Olympics

10/23/19

6:30-8 PM

Description: Delt Olympics is another fun event in which we invite potential new members to the house to partake in a wide variety of fun competitions including bowling, pie eating, and dodgeball. Members break up into teams with potential new members and work together to win in each event.

Info Night & Public ROI

10/29/19

6-8 PM

Description: After hosting a variety of fun events to meet new faces, we like to invite potential new members out to the house for dinner followed by an information session about our chapter, our national fraternity, Greek life on campus, and the bidding process at Kettering University. Potential new members get a chance to ask questions and learn more about our chapter at this event. After Info Night potential new members are invited to a public ROI ceremony to teach them about our values and some of the deeper meanings of being a part of Delta Tau Delta.

Casino Night

10/31/19

7:00-9:30 PM

Description: At our most popular event each year, our house is turned into a mock casino in which guests are given a starting value of casino chips to play different casino games led by members of the chapter. After everyone has had fun playing cards and rolling dice, all participants are given an equal amount of raffle tickets for participating, which they can then use to try and win a wide variety of fun prizes.

Preference Dinner:

11/7/19

6-8:30PM

Description: Our last event of the rush term is a formal dinner at our shelter, prepared by our house cook Lori, in which potential new members, who the chapter has showed interest and liking to, are invited. This is a formal dinner usually consisting of steak and potatoes, where everyone is dressed in formal attire.

In addition to these events, our chapter recruits through intramural sports in which potential new members are invited to play on our sports teams. Fall sports include flag football, basketball, and soccer. Due to Kettering's unique schedule, our chapter does not host formal recruitment events outside of our recruitment term, as the spring term is devoted to the pledging process. However, our chapter does host informal events that are not listed on our formal calendar. These are events that a couple members might come up with in their free time to get to know the potential new members better. Examples of these include going to a movie, or having potential new members over for Monday Night Football. An example calendar of some informal events can be seen below.

The recruitment events and strategies implemented this year have thus far proved to be effective in meeting and recruiting potential new members that meet our eligibility standards and we plan to continue these strategies in years to come.

Fraternally,
Caleb Forrest
