## LEGO ROLL, BUILD, CREATE CHALLENGE (Multiplayer)

### Here is what you need:

- Basic LEGO bricks
- LEGO base plates
- Divided tray or individual bowls
- Dice
- Permanent Marker
- Tape

Write the numbers on the tray or tape paper numbers to each compartment of the tray.

Fill the trays compartments with different types of LEGO bricks.

Let's play! Use the center section of the tray to roll the dice and the number you roll is the section you get to get to choose LEGO bricks from!

Now it is the next players turn to the roll the dice and choose their LEGOs.

Once your LEGOs are collected, get creative with your building!

### Recommendations:

- Choose a time frame for playing the game
