Pauly Jail Building Co.

17515 Bataan Court
Noblesville, IN 46062

Attention- Joseph Pohrer, President

To whom it may concern:

We have worked with Pauly Jail on our firm's Justice projects for nearly 40-years and want to convey the continued level of excellence their services represent to us and our clients, most recently on Phase One of Phelps Co., MO. Detention Facilities expansion, which is now ready for occupancy.

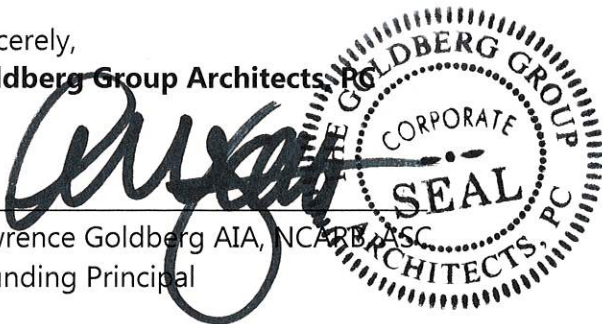

Their comprehensive planning, innovative technology and meticulous installation practices contribute significantly to our project success and we have come to rely upon their knowledge of GGA's Justice needs throughout the Midwest region, from conceptual design to project completion and beyond. In fact, it is a pleasure to hear from county officials how well their warranty-related service needs are taken care of by Pauly, long after their warranty periods had expired.

To Pauly's great staff and teammates, we want to express our deep appreciation for the highly-effective collaboration we have enjoyed with you and look forward to more projects together in the years ahead.

Sincerely,

Goldberg Group Architects, PC
