## Why the USO?

**Global Reach:** At more than 200 locations around the world, the USO supports our service members wherever they are, including on a base, deployed abroad, passing through an airport or in local communities where they may be stationed.

**Commitment:** If there is one thing that distinguishes the USO, it is the organization's agility and readiness to go wherever our service members are serving.

**Trust:** Military leadership trust the USO to deliver. Partner organizations trust the USO to reach the people who need assistance. Military families know the USO understand their needs and trust the organization to provide support and services.

**History:** Established during World War II by national leaders who understood that maintaining high morale in a fighting force is essential to a nation's military success, the USO continues to be a vital contributor to our military's strength and effectiveness.

#### **USO's Role**

The USO continuously adapts to the needs of our military and their families, so they can focus on their important mission. We are constantly evaluating the efficiency and effectiveness of each program, and how it fits into our greater impact.

- We strengthen military families through programs focused on connection, strengthening, wellness and resiliency.
- We deliver support to service members and their families who are living and working in our communities, stationed abroad, training in isolated locations, and to those deployed to remote areas around the world.
- We bring entertainment and recreation to service members and their families through a diverse range of activities.
- We provide transition resources for service members and military families From the moment their service begins through the time their service is complete-through voluntary separation, the wounds of service, or the ultimate sacrifice- those who serve, and their families are supported with dignity and respect.

## **About the Force Behind the Forces™ Campaign**

The USO launched the **Force Behind the Forces**<sup>SM</sup> campaign to encourage Americans to stand behind "The Force" as a community of supporters committed to connecting service members to the things they hold dear. Each day there are people who volunteer to take an oath to protect and preserve our way of life. By uniting an American "force" to meet the needs of service members and their families, the campaign forges a meaningful connection between service members and those they protect. We know working together as force multipliers, our support for America's service members and their families can only be stronger and more profound.
