

Indian Creek Elementary

ICES Mission Statement

The Indian Creek Elementary staff, with family and community support, teaches and challenges each child to build basic and technological skills. We endeavor to promote a positive self-concept needed to become an active, self-motivated, lifelong learner. We strive to prepare each child to become the best possible citizen for the diverse and unique communities of tomorrow.

YOUR CAREER WITH US

Where Excellence in Education
is the Expectation

Indian Creek Elementary School serves the needs of young children from pre-kindergarten through second grade. ICES is unique because it is geared to meet the needs of the early childhood learner. The staff, administrators, and curriculum focus on creating opportunities for young people to grow academically, emotionally, and physically in a nurturing environment.

Notable features of ICES include a 1 - to - 1 model of technology using iPads. The iPads are used with Google Classroom for student engagement. The students also use them for e-Learning days. Every classroom also has multimedia presentation equipment.

ICES has Title I, special education, music, art, physical education, library, and STEAM teachers. Our school has a counselor, a speech therapist, a psychologist, and a nurse who provide support services to students. Our assessment tools are Star Reading and Star Early Literacy. These assessments provide the teacher, principal, and Title I teacher with information to assist in individualizing instruction.

Indian Creek students benefit from the staff's ability to focus on a primary age curriculum. The staff is able to channel their efforts into the early grades and each student's specific needs. ICES provides a warm, secure, and stimulating environment.
