

What is ACLS?

ACLS is a nationally recognized continuing education program developed by the American Heart Association. The course is designed to provide the most recent information on Emergency Cardiac Care and to reinforce previously learned knowledge and skills. It is intended for physicians, nurses, paramedics, and other healthcare professionals who provide Emergency Cardiac Care.

The following topics will be addressed, some in small groups using a case-based learning format:

- Basic & Advanced Airway Management
- Defibrillation & Cardioversion
- Transcutaneous Pacing/AED
- Arrhythmia Recognition & Management
- Algorithm Approach to Cardiac Care
- Cardiovascular Pharmacology
- Myocardial Infarction/Stroke

ACLS Information

AHA Training Center Coordinator

“The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS, and PALS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association, and any fees charged for such a course do not represent income to the Association.”

A Big Thanks. The Manikins used for CPR training are made available through donations from the DeKalb County Heart Association.

ACLS Advanced Cardiac Life Support

Promote. Preserve. Restore.

Sharpening life-saving skills.

Are There Any Pre-Requisites?

Individuals registering for ACLS should have a current Healthcare CPR card. In addition, they should have a basic knowledge of cardiac pharmacology and EKG interpretation.

What Credentials Will I Receive?

Upon successful completion of the ACLS course, each participant will be issued an American Heart Association E-card verifying that they have successfully completed an approved ACLS course. The recognition period is for two years, after which the participant may elect to participate in either an abbreviated renewal course or a full provider course.

Course Material

This one-day course includes course materials and refreshments. Students will also be issued an ACLS textbook prior to the course. Cost is \$185.00 with book and \$150 without book for the training.

Curriculum

- Course Overview
- Airway Management
