

WHO WE ARE

Mission Statement

We provide high quality information, training, and support to families of children and young adults with disabilities and the individuals and organizations who serve them.

Vision Statement

Children and young adults with disabilities will thrive due to access to effective educational programming and appropriate individualized services.

Belief Statement

We believe it is our social and moral purpose to ensure that every child and young adult with disabilities experiences inclusive opportunities, well-being, and equitable access to appropriate challenges.

WHERE WE ARE

We provide services in every county across Indiana. Visit insource.org/contact-us/staff-directory to connect with the special education liaison in your area when assistance is needed with the special education process.

HOW WE HELP

We support the special education process from birth to age 26 by providing:

- assistance by phone and email
- training classes
- support and information at school meetings
- special education liaisons who serve the entire state of Indiana
- transition-aged students with training on self-advocacy
- special education training for school interpreters
- a wealth of resources and trainings at www.insource.org.

WHY VOLUNTEER WITH US

IN*SOURCE volunteers receive training to help families navigate the special education process. They assist staff at fairs, trainings, and fundraisers. Most of our volunteers are parents of children with disabilities, so they have experienced the special education process firsthand and use their knowledge and experience to help other parents. For more information, visit insource.org/help-others/volunteers.

WHO SUPPORTS US

We receive grant funding and donations from families and community members like you. Please visit mightycause.com/organization/In-Source.
