RE: Bourbon County Law Enforcement Center Fort Scott, Kansas

Dear Sir or Madam,

I am writing to express our sincere appreciation regarding the distinguished level of professionalism and cooperation displayed by Pauly Jail Building Company on the Bourbon County Law Enforcement Center project. UCC truly values your proactive approach to scheduling and ensuring materials are delivered on time. In addition, your product technical knowledge, proactive approach to quality control, attention to detail, and experienced staff were key attributes provided by your team. As a result, the project went very smoothly and was viewed as a very successful venture for all. Teamwork combined with the above key attributes is a must on detention projects and that was certainly accomplished by your firm in a competent and professional manner with integrity and honesty.

Again, we thank you for the opportunity to work with your first-rate organization on this project and look forward to future projects with you in the future.

Sincerely,

Gary Walker  
Senior Project Manager
