## 600 & 800 Level

Name of the program: Nite of Iris Silent Auction

Date: 04/27/2019

Description:

Iota Sigma's social and philanthropy chairmen worked together over the course of the Spring 2019 semester to compile donation items and baskets for parents and alumni to bid on in a silent auction format throughout the evening of our Nite of Iris Formal. Items included NDSU and DTD cornhole boards, assorted gift baskets, and much more. The men of Iota Sigma are grateful and appreciative of all donors and bidders for making a positive contribution towards JDRF!

JDRF receipt for donated funds is included below:

Thank you for your generous donation to JDRF. Every single dollar counts when it comes to creating a world without type 1 diabetes. Your gift will fund life-changing research to make it safer and easier for people to manage this serious disease—until we find a cure.

**Name of the Program: Deltaroni**

**Date: 10/22/2019**

**Description: Deltaroni is a yearly macaroni feed where all money raised is donated to JDRF. Leading up to our event our chapter looks for both monetary and food donations from local companies. This year we had 100 lbs of pasta from Dakota Growers, Olive Garden breadsticks, and sweets donated by a member's parents. Members raise money in a variety of ways including running a contact table in the Memorial Union, door knocking in neighborhoods around campus, and creating a fundraiser page through the JDRF website. Screenshots of the JDRF Donation Page and Iota Sigma's donation receipt for funds collected in addition to the donation page are provided below**

**Let's create a world without T1D!**

The men of Delta Tau Delta - Iota Sigma Chapter are fundraising for JDRF because we believe in a world without type 1 diabetes (T1D).

Type 1 diabetes is a chronic condition where the pancreas stops producing insulin—a hormone essential to turning food into energy. Insulin is a hormone needed to allow sugar (glucose) to enter cells to produce energy.

The daily life of someone with T1D brings a multitude of challenges, including insulin injections that need to be carefully balanced with eating and activity, disruptive glucose monitoring, sleepless nights—and wishing for a tomorrow where this struggle doesn't exist.

Currently, there is no cure for T1D, and we want to be apart of the journey to turn Type 1 into Type None.

Our chapter is having our annual event Deltaroni on October 22nd from 5-8 pm. It is an all-you-can-eat macaroni and cheese event and all proceeds go to this wonderful organization. While we make a majority of our proceeds from ticket sales, we are also asking for donations.

Your generosity will help JDRF fund life-changing breakthroughs to remove the incredible daily burden of this disease—until it no longer exists.

Please support our fundraiser by making a donation today.

Thank you!

Name of the Program: Facts & Snacks

Date

Description:

During the week prior to, and the week of Deltaroni, the Iota Sigma chapter hosts a booth in the Memorial Union and hands out free snacks such as granola bars and water. This event is dubbed 'Facts and Snacks'. Along with the snacks, takers are presented with JDRF and T1D information and facts, and given flyers with more information on how T1D impacts those around us, and what Delta Tau Delta and JDRF are doing to turn Type 1 into Type None. The goal of this event is to provide an educational component to the campus community, and spread awareness of what everyone can do to help!
