Mr. Joseph Poher, III
Pauly Jail Building Company Inc.
2600 Nebraska Avenue
St. Louis, MO 63118

Dear Mr. Poher:

I would like to take this opportunity to express my sincere appreciation for the dedication and work ethic your employees provided on the construction of our 205 bed Jail and Justice Center. This was a complicated project, as it was a two phase build. We did this to be able to keep the Jail in the same location it has been for over 100 years.

Due to having to move in twice to the new facility it required a great amount of coordination and involvement with the Pauly Jail staff. We found the employees of Pauly to be very customer friendly and their work to be outstanding. The dedication of your company to provide complete customer satisfaction was very apparent and continues to this day.

We have now been in our new facility for approximately 18 months and could not be happier with our Jail. We have found the workmanship of our detention equipment and the partners you brought to the table to be of excellent quality.

Your employees represent you and your company very well. With every contact that we have had with them, they have been pleasant, courteous, and dedicated to providing the best service and value to our project.

It is with these things in mind that first I would like to thank you and your staff and to let you know that we would highly recommend your company to anyone considering building or remodeling a detention facility.

Sincerely,

Neil A. Miller
Sheriff
