Re: Morgan County Jail Expansion + Work Release

Dear : Sir

Your company's performance on the referenced project is to be commended and may I take this opportunity to congratulate you on a job well done.

Under the best of conditions these highly specialized security facilities are difficult to construct and require a total team commitment and attention to detail. The assistance and participation of your personnel is greatly appreciated.

Not only did you get your work done on time , the quality of the installation and equipment is excellent.

Thank you very much , I highly recommend your company and look forward to working with you on future projects.

Sincerely ,
